How We Started

About Family PASS

From its beginning in 2006, Family PASS has been a Fairfax County Virginia community-based organization, involving volunteers and donors who share a belief that healthy communities are built on healthy families. Their dedication supports the efforts of Family PASS case managers who provide weekly, and sometimes daily, counseling to help families succeed. Healthy families require a roof over their heads. The Family PASS focus, coupled with the commitment of its clients, has achieved a 95% success rate in keeping families housed and self-sufficient. The families that Family PASS assists are highly motivated to regain their self-sufficiency. Most move out of our program within a year. We consider it an honor to be able to assist them.

We focus on the basics:

- The need for safe, affordable housing
- The need to earn a living wage
- Reliable transportation
- Childcare

Where we get our Clients

30% of Fairfax County's 1225 homeless are children under 18

Josh was homeless for almost two years when the homeless liaison at his elementary school contacted
